Felt-backed sheet vinyl

Sizes:
4 gal. (15 L) pail
HENRY 170
Carpet Adhesive

Description
HENRY® 170 ‘The General’ is a multipurpose adhesive designed for the installation of commercial carpet in light traffic areas like property management and tenant improvement areas. It can also be used for the installation of residential felt-backed sheet flooring. HENRY 170 features quick initial grab, minimal open time and ample working time.

Use For
HENRY 170 is suitable for the installation of carpet backed with jute or Action Bac® (polypropylene), as well as for nonbacked, needle-punched carpet. It is also suitable for use with residential felt-backed sheet flooring.

Bonds To
On all grade levels: concrete, well-bonded cementitious underlayments, APA-grade underlayment plywood (untreated), radiant-heated subfloors where temperatures do not exceed 85°F (29.4°C), terrazzo, ceramic tile, marble, certain epoxy coatings and existing, fully-adhered, non-cushion-backed resilient.

Preparation
Refer to the flooring manufacturer’s specific recommendations for suitable substrates. Please note that all substrates must be sound, solid and well bonded.

Installation
Follow the flooring manufacturer’s guidelines for layout, design and suitable installation methods. Stir any liquid found on the surface into the adhesive, and apply the adhesive using the proper trowel.

Carpet
Allow the spread adhesive to set open 0 - 10 minutes.

Sheet Flooring
• Porous Substrates: Allow the spread adhesive to set open 0 - 10 minutes.
• Non-porous Substrates: Allow the spread adhesive to set open 10 - 20 minutes.

Clean Up
Remove wet adhesive residue with a clean, white cloth dampened with soapy water. Use mineral spirits for dried adhesive residue. When using mineral spirits, carefully follow the recommendations of the manufacturer, and test a small area before proceeding to make sure it does not damage the surface being cleaned.

Warranty
1-Year Standard Limited Warranty. Failure to follow written directions will void the warranty. For complete warranty details, please visit www.ardexamericas.com.
NOTE:
Freeze/thaw stable to 10°F (-12°C). Avoid lower temperatures or multiple freeze/thaw cycles. HENRY flooring adhesives have a successful, long-standing track record of use with a wide range of floor coverings. HENRY flooring adhesives are intended for use with all common floor coverings for which standard, water-based adhesives are recommended. For uncommon or non-standard floor coverings, floor coverings with recycled-content backings and/or floor coverings that are recommended for installation with high-performance adhesives (epoxies, urethanes), follow the advice of the flooring manufacturer, and contact the ARDEX Technical Service Department for further guidance.
As always, prior to installing any ARDEX and/or HENRY products, we recommend installing an adequate number of properly located test areas, to include the selected floor coverings, to determine the suitability and aesthetic value of the products for their intended use. Shelf life is 1 year, if unopened. VOC: 4.3 g/L, SCAQMD 1168. Do not reuse container. Dispose of packaging and residue in accordance with federal, state and local waste disposal regulations. Do not flush material down drains.

PRECAUTIONS:
Carefully read and follow all precautions and warnings on the product label. For complete safety information, please refer to the Safety Data Sheet (SDS) available at www.ardexamericas.com.
