

# HENRY® 440 COVE BASE ADHESIVE

**Aggressive initial grab** – Prevents slip during installation

**No open time required** – For quicker installation

**Easier trigger-pull action** - While still maintaining that same great HENRY 440 wet-grab suction and corner holding power trusted by flooring professionals!

**A new light-tan/off-white color** - Blends better with neutral paint walls in the event material sneaks above the height of the base.

**New plastic cartridges** - Less prone to damage at jobsite or in transit.

**A new milder aroma** - Means less concern applying in occupied spaces.

Superior wet-strength
